

Year 5 Easter Holiday

Young Minds

Masterclass Series

Join staff at Chesterton Community College for a brand new series of masterclass workshops in which we combine an exploration of stories and literature with mindfulness and well being.

We will delve into the origins of classic literature such as Homer, Arthurian tales and Chaucer; examining creative impulse, recurring narratives and oral and written traditions.

Alongside our literary and historical investigations we will also seek to develop our mindfulness; an approach that can help change the way we think about experiences and reduce stress and anxiety.

Monday 30th March—Wednesday 1st April

9.30am—12.30pm daily

Chesterton Community College

All Year 5 students welcome

Booking essential—see overleaf
