

Geography Department

Year 7

Map Skills

Assessment Guidance

Your assessment will last for 50 minutes and will be marked using the mark scheme that you have in the front of your orange book. The assessment will include a range of questions, including some multiple choice questions, some short answer questions and some questions which require longer answers. To access the highest marks for your test, always refer to real places.

Equipment you will need: pen, pencil, calculator, ruler
